

INTERNATIONAL SENSORS & CONTROLS, INC.

THE SMART CONNECTION

PRODUCT OVERVIEW

SENSOR PRODUCTS

- Vertical / Horizontal Level Sensors
- Thermistor Sensors
- Level Sensor Interface Control System
- Flow Switches
- Position Sensors
- Tilt / Tip Over Sensors
- Inductive / Capacitive Sensors
- Variable Reluctance Sensors
- Hall Effect / Reed Switch Sensors

SPECIALTY SENSOR PRODUCTS

- Hybrid Power / Reed Proximity Sensor
- Low Cost Ferrous Proximity Sensor
- Zero Speed Omnidirectional Speed Sensor
- 2-Wire, Large Gap Speed Sensor
- Non-Contact Programmable Rotary Position Sensor
- Modular Hall Limit Switch with Diagnostic Output
- Non-Contact Linear Displacement Sensor
- Design and Manufacture of Custom Sensor Assemblies

CONTROL PRODUCTS

- Mercury Displacement Relays
- Solid State Relays
- SCR Power Controllers
- Custom Engineered SSR Solutions
- SSR Monitor Boards
- Current Transducers
- Input and Output Modules
- Temperature / Process Controllers
- Thermocouples and RTDs

CONTRACT MANUFACTURING

- Multilayer PCB / SMT Assembly
- Cable Assembly
- System Integration
- Fixtureless In-Circuit Testing
- Functional Test Services
- Prototype And Production Quantities
- Local And Offshore Facilities
- Injection Molding / Sonic Welding
- Ready-To-Install Temperature / Power Control Panels

COMPONENT PRODUCTS

- Custom Transformers
- Cord Sets / Insulated Electric Wire
- Multilayer Circuit Boards
- Reed Switches / Reed Relays
- Mercury / Non-Mercury Switches
